

# Harrison County Agriculture Arena & Fairgrounds Expansion Analysis

*Harrison County, Indiana*

Located in Indiana's first state capital, the Harrison County Fairgrounds was considering an expansion of their facilities. HSP worked with Destination Consultancy Group on two occasions to understand the cost of the expansion project and make estimates of future revenue and expenses associated with the fairgrounds if the expansion was completed.

The expansion plan included:

- Agriculture Show Arena (15,000 SF)
- Exhibition Hall (25,000 SF)
- Meeting Center & Administrative Offices (10,000 SF)
- New Gateway
- New Trails & Pedestrian Pathways
- Extensive Renovations

HSP completed the analysis of the proposed expansion, which is currently under consideration for funding.
